

## Scarborough Teaching Alliance Secondary

*Scarborough Teaching Alliance offers a school-based Initial Teacher Training programme that offers high quality training throughout our partnership of secondary schools on the beautiful North Yorkshire coast. Scalby School, Scarborough, is the hub of the Alliance Secondary Programme working with secondary schools across Scarborough, Whitby and the surrounding area.*

Our focus is to prepare our trainees to be outstanding practitioners by ensuring that they have a consistent and high-quality experience, based on exposure to truly outstanding practice.

**You will be part of a programme which is appropriate to you as an individual AND will provide support whilst challenging you to become the best teacher you can be.**

**What our trainees say :**

**“Consistent and timely support”**

**“I fitted into the department quickly”**

**“I was inspired by how all staff are driven by the desire to do their best for every child in their class”**

**“Being school-based for all of the programme really boosted my confidence, from day one”**

**You will have the opportunity to train alongside professionals with a range of experience who share a passion for improving the life chances of young people we work with. Using our teams' extensive experience of working with ITT, NQTs and RQTs we aim to develop our trainees resilience and qualities as reflective practitioners.**

---

## *Routes and Accreditation*

**We offer Direct Training (£9250 tuition fees with loans through the Student Loans Company and specific bursaries are available)**

**This route leads to a Post Graduate Certificate of Education (PGCE) with Qualified Teacher Status (QTS) and 60 Masters Credits**

**On this pathway, trainees will follow the core QTS Professional Studies programme and, in addition, will complete 2 Masters levels modules. We work in conjunction with Hull University to support trainees as our accredited provider.**

---

**Choose your own specific topic:**

**Our Secondary Teaching programme allows you to choose the topic you are passionate about and not just core subjects.**
