

## Early Career Framework Programme on the North Yorkshire Coast

As part of the DfE Recruitment and Retention strategy, the Early Career Teacher Programme was introduced across 4 pilot areas in September 2020. In order to ensure our schools are ready for the full national roll out in September 2021, we have worked with Ambition Institute to be able to deliver the programme this academic year to member schools across the Scarborough Teaching Alliance and Esk Valley Alliance.

The Early Career Teacher programme is designed to develop the knowledge and skills of Early Career Teachers and is a blended learning experience that provides teachers and their mentors with high quality, evidence-informed training and materials alongside scaffolding to ensure effective mentoring.
